

# AHMED NABEL QTEB

## React Developer Freelancer | Clean Architecture | Performance-Oriented Solution

Email: [abelahmed102@gmail.com](mailto:abelahmed102@gmail.com) | Phone: +20-155-372-9386 | Location: Cairo, Egypt |

LinkedIn: [linkedin.com/in/ahmed-nabel-027717241](https://www.linkedin.com/in/ahmed-nabel-027717241) | GitHub: [github.com/ahmed-nabel](https://github.com/ahmed-nabel)

### SUMMARY

Front-End Developer with 2+ years of experience building responsive web interfaces using React.js, JavaScript (ES6+), TypeScript, and modern UI tools. Skilled in clean code architecture, API integration, and performance optimization. Adept at translating client needs into scalable solutions, with strong communication and problem-solving skills. Comfortable using Git, Webpack, and collaborative tools in remote freelance settings. My strengths include functional programming, modular codebases, and seamless collaboration using tools like Figma and GitHub. Skilled in optimizing user experience, eliminating performance bottlenecks, and integrating CMS platforms for structured, user-friendly content.

### PROFESSIONAL EXPERIENCE

#### Front-End Developer (Freelancer)

01/2024 – Present

##### Remote

- Develop responsive, clean, and user-friendly websites and web applications using HTML5, CSS3, and JavaScript (ES6+).
- Build modern single-page applications using React.js and TypeScript, applying reusable component architecture and functional programming practices.
- Integrate with RESTful APIs to fetch and manage dynamic content and improve user interactivity.
- Customize and enhance projects with Bootstrap, jQuery, and third-party libraries for rich UI/UX experiences.
- Use tools like Git, GitHub, Webpack, and VS Code for version control, code bundling, and collaborative workflows.
- Collaborate directly with clients across platforms to understand requirements and deliver tailored solutions.
- Consistently achieve nearly **100% positive** client feedback through effective communication, problem-solving, and on-time delivery.
- Tackle challenging customization requests, adapting code and design to meet unique client needs while maintaining quality standards.

#### Military Engineering Officer

07/2021 – Present

##### Nasr City, Cairo

- Lead electrical research teams consisting of **10 members** and higher focused on modifying and upgrading military equipment to improve operational efficiency and reliability.
- Head teams responsible for troubleshooting, repairing, and maintaining complex electrical circuits and systems under strict deadlines.
- Direct research and development (R&D) projects (**3 already recognized nationally**) aimed at innovating new solutions for technical challenges faced by military units.
- Manage supply chain and procurement operations, ensuring timely delivery of critical materials and equipment to support engineering projects.
- Collaborate closely with foreign experts and multinational teams, enhancing cross-cultural communication and technical knowledge exchange.
- Applied strong problem-solving and risk management skills to ensure mission-critical systems remained operational and safe.
- Developed leadership and team management skills by supervising diverse technical teams in a high-pressure environment.

## PROJECTS

---

### **Task Manager App** — *HTML5, CSS3, JavaScript*

A responsive task-tracking web app with add/edit/delete functionality and local storage.

- Made sure to have responsive design across devices
- Deployed via GitHub Pages | [GitHub](#)

### **Random Video Player** — *JavaScript*

A random video player that uses list of videos then stores as JSON form to randomly selecting a video.

- Deep dive in JavaScript concepts.
- Applying Functional Programming, Pure Functions, Asynchronous Patterns
- Structured as Native Module and bundling using Webpack
- Deployed via GitHub Pages | [GitHub](#)

## SKILLS

---

### **Technical Skills**

- HTML5, CSS3, JavaScript (ES6+), DOM Manipulation
- React.js, Bootstrap, jQuery
- Redux, Webpack, TypeScript, RESTful APIS
- Git, GitHub, Responsive Design, Debugging
- Basic API Integration, Web Performance Optimization

### **Soft Skills**

- Problem Solving & Critical Thinking
- Leadership & Team Coordination
- Client Communication & Requirement Analysis
- Time Management & Task Prioritization
- Adaptability & Self-Learning
- Client Interaction
- Highly Motivated

### **Languages**

- Arabic – Native
- English – Professional Working Proficiency

## COURSES

---

- **React Developer Track** — *Digital Egypt Pioneers Initiative - DEPI* | 07/2025 – Present
- **JavaScript The Critical Parts Masterclass** — *Udemy* | May 2025
- **Web Developer Challenger Track** — *Udacity* | June 2022
- **Ultimate Web Designer & Developer** — *Udemy* | January 2022

## EDUCATION

---

**Bachelor of Engineering in Electrical Engineering**

11/2016 – 10/2021

**Grade | Very Good**

*Military Technical College, El-Qobba Bridge, Cairo, Egypt*
